I am writing on behalf of Miles Washburn. I have had the pleasure of working with Mr. Washburn on a professional level with my relationship with him and the Greek Life Community at Methodist University. I am the Director of Campus Life at Methodist University, where I oversee six Greek Life organizations.

I have worked with and known Mr. Washburn for two years. I feel confident enough to say that I know his character. He is a joy to work with, very trustworthy and honest with his word. Whenever I needed something I never hesitated to ask him for assistance. He is very approachable and easy to get along with. I never have to worry about anything when I would sign a contract with Miles.

His presentations and seminars are meaningful and leave the students wanting more. His morals and values shine through his generous smile. My students always complimented on how great he was and how much they enjoyed hearing him speak. He is not afraid to go the extra mile to ensure that all of the universities needs are met for the show. Paperwork is always punctual, professionalism is at its highest at all times, and a friendship is created and enhanced after every show. Any college or university would be lucky to have Miles speak to their organizations.

If you have any questions or concerns regarding Mr. Washburn please feel free to contact me.
